John I do need a few changes:

On 12455-122 --

1. Please delete all claims that aren't qualified by the term "station" or "bait station" (we've gone through this before with one of the other products).

Delete the claims "child resistant", "dog resistant", "child and dog resistant", child, dog and weather resistant", "weather resistant" "durable design is child and dog resistant" "kid tested" "dog tested" "kid and dog tested" "kid and dog resistant"

The label for 12455-138 is okay.

Thank you!
